This notification states that employers must file the electronic quarterly return through the Employer's Portal on the agency's website: <https://patronos.trabajo.pr.gov/patronos>.

The new regulation for the administration of the Unemployment Insurance Program (9056), eliminates the paper form and establishes that every employer must do the filing of the quarterly return electronically not later than July 31. It also requires employers make the payment corresponding to the second contributory quarter of 2019.
